Improving Local Health and Well Being with Personal Care Kits

Assembled with some of the most commonly requested products from our Community Partner organizations for their clients, Personal Care Kits contain toothpaste, toothbrush, floss, soap, shampoo, deodorant and lotion to cover at least 1 month's use. These products are key to general health, employability, personal dignity and well-being, and at the same time, they are NOT covered by SNAP benefits (food stamps) or other government assistance programs.

After being assembled and quality checked by our volunteers, Personal Care Kits are provided to local safety net organizations like Pittsburgh Action Against Rape (PAAR).

To help send local kids back to school feeling confident, PAAR hosted a free Back to School Wellness Event in August 2022 with giveaways and inspiring activities. Global Links donated toothbrushes and floss for this free event to help with dental hygiene. In addition to the Back to School Wellness Event, Global Links stocked their PAARtique with Personal Care Kits and other hygiene supplies. The PAARtique is a service PAAR provides to assist clients with basic needs on a daily basis.
