

Personal Care Kit Project Sponsorship

Improve Health & Dignity for All

Corporate Sponsorship of this program underwrites one year of our Personal Care Kit Project which provides dignity, health and hygiene to local neighbors/households/families.

Global Links' Personal Care Kit Project aims to provide 6,000 kits in 2023 to our neighbors in need. We serve local safety net organizations including schools, child care centers, senior centers, shelters, free and charitable clinics, and other social service organizations.

Made up of some of the most commonly requested products by our Community Partner organizations for their clients, these Personal Care Kits contain toothpaste, toothbrush, dental floss, soap, shampoo, deodorant and lotion - all full-size containers to cover at least 1 month's use. These products are key to general health, employability, personal dignity and well-being, and at the same time, they are NOT covered by SNAP benefits (food stamps) or other government assistance programs.

IMPACT:

5,110 Personal Care Kits distributed to 14 organizations locally in 2022
